

## **ABSTRACT**

*The development of the world tourism industry is growing rapidly and it has made the enhancement of the competition level, therefore good marketing performance is required to be carried out in order to give satisfaction to the consumer. This research has been conducted in order to find out the influence facilities, services and prices to the customer satisfaction at Kenjeran Park Surabaya. The population is all visitors of Kenjeran Park Surabaya. Meanwhile the numbers of samples are 100 respondents. The sampling technique has been been used by using purposive sampling with a certain considerations. The correlation of the determination coefficient ( $R^2$ ) level among the variables i.e. facilities, services and prices to the customer satisfaction of the tourists who have visited Kenjeran Park Surabaya is firm. Based on the result of the research, it shows that the hypothesis test among the variables i.e. facilities, services, and prices have positive influence to the customer satisfaction at Kenjeran Park Surabaya. These results indicate that when the facilities, services and pricing which have been provided by the manager of the tourism resort is getting better, it will improve the customer satisfaction who have ever visited Kenjeran Park Surabaya.*

*Keywords:* Facilities, services, pricing and customer satisfaction.

## **ABSTRAK**

Perkembangan industri pariwisata dunia semakin pesat yang mengakibatkan tingginya tingkat persaingan, untuk itu perlu melakukan kinerja pemasaran yang baik guna memberikan kepuasan kepada konsumen. Penelitian ini dilakukan untuk mengetahui pengaruh fasilitas, pelayanan, dan harga terhadap kepuasan wisatawan di Kenjeran Park Surabaya. Populasi dalam penelitian ini adalah para pengunjung tempat wisata Kenjeran Park Surabaya. Sedangkan jumlah sampel yang ditetapkan sebanyak 100 responden. Teknik sampling yang digunakan adalah purposive sampling dengan pertimbangan tertentu. Tingkat koefisien determinasi ( $R^2$ ) antara variabel fasilitas, pelayanan, dan harga terhadap kepuasan wisatawan yang berkunjung di Kenjeran Park Surabaya memiliki hubungan yang cukup erat. Berdasarkan penelitian ini bahwa pengujian hipotesis antara variabel fasilitas, pelayanan, dan harga berpengaruh positif terhadap kepuasan pelanggan di Kenjeran Park Surabaya. Hasil ini mengindikasikan bahwa semakin baik fasilitas, pelayanan, dan harga yang diberikan oleh pihak pengelola tempat wisata akan meningkatkan kepuasan pelanggan yang berkunjung di Kenjeran Park Surabaya.

Kata Kunci : Fasilitas, Pelayanan, Harga, dan Kepuasan Wisatawan
