

ABSTRAK

Industri otomotif mengalami pertumbuhan yang signifikan, didorong oleh meningkatnya permintaan akan solusi transportasi yang efisien di lingkungan yang serba cepat saat ini. Perusahaan otomotif yang sehat secara finansial mampu berkontribusi dalam menciptakan lapangan kerja, meningkatkan daya beli masyarakat, serta mendukung pertumbuhan ekonomi nasional secara keseluruhan sehingga perusahaan perlu menstabilkan keuangan. Faktor yang mempengaruhi stabilitas keuangan yakni likuiditas, struktur modal, dan pengelolaan keuangan. Peneliti akan melakukan penelitian pada 9 perusahaan otomotif yang terdapat di BEI tahun 2020-2024. Hasil penelitian tersebut ialah likuiditas, struktur modal, dan pengelolaan keuangan berpengaruh terhadap stabilitas keuangan.

Kata Kunci : Likuiditas, Struktur Modal, Pengelolaan Keuangan, Stabilitas Keuangan

ABSTRAK

The automotive industry has seen significant growth as there is an increase in demand for efficient transportation in a rapidly changing environment. Furthermore, automotive companies that have a healthy financial status can contribute to creating a work field, increase public purchasing power, and support national economic growth overall. For this reason, the automotive companies need to stabilize their finances. Therefore, the companies should consider some factors that affect financial stability. They are liquidity, capital structure, and financial management. In this study, there are 9 automotive companies listed on the Indonesia Stock Exchange (IDX) during 2020-2024 analyzed as samples. As a result, it indicates that liquidity affects financial stability in the automotive companies listed on the Indonesia Stock Exchange (IDX) during 2020-2024. Likewise, capital structure affects financial stability in the automotive companies listed on the Indonesia Stock Exchange (IDX) during 2020-2024. Similarly, financial management affects financial stability in the automotive companies listed on the Indonesia Stock Exchange (IDX) during 2020-2024.
